

ATHLETICS

Sandpoint High School athletics got away with a poor start this school year, because of no football games. However they practiced some and have promise of a first class team next year.

The basketball team had a flying start with about a month's extra practice this year. The string was composed of Olson, Saunders, Beckstrom, Bergstrom, Arthurs, Rapids, Heion, Chisholm, and Hadley.

The first game the Sandpoint team played was with Clarksfork. They easily won to the tune of 29 to 7 in our favor. Saunders and Bergstrom tied for the high point score.

The next game was with Hope, with Sandpoint again on the large end of the 36 to 7 score. This time Hadley was the high scorer.

The boys in crimson and white met and defeated Priest River with a score of 39 to 18. Beckstrom played a bang up game and ended high man with 14 points to his credit.

The next game was played with Newport and again the team clicked on to victory on the long end of the close 34 to 31 score. All the boys played well and all were scorers during the game.

The next game ended in a loss of a score of 34 to 17 in favor of Bonners but the boys played a well set-up game anyway.

Again Sandpoint played Priest River and won with an easy score of 26 to 19. Beckstrom was high man and though not a high scorer Arthurs gave promise of what he could and would do in future games.
