

Rotary Club of Ponderay Centennial

Cover Letter for Standard Scholarship Application

Rotary Club of Ponderay is proud to offer several scholarships of \$500 to \$1000 to promising post-secondary students of all disciplines in the greater Sandpoint area.

Without excluding traditional university bound students, we will give emphasis to vocational and professional/technical applicants and students bound for community colleges and trade schools.

Scholarship award winners will be selected using the following criteria:

- Success in current endeavors
 - High school grades, particularly in field of interest
 - School activities outside the classroom (sports, clubs, etc.)
- Financial need
- Completion of Scholarship Common Application
- Attitude and enthusiasm
- Citizenship and community participation

Finalists will be invited to participate in a live interview with Rotary Club members.

Scholarship winners will be invited to return to Rotary meetings to report on their adventures as their new learning experiences unfold (as time and schedules permit).

Thanks to applicants; we wish you all success!
